

Thank you for downloading Magnolia Monogram Font!

::HOW TO USE::

1. Make sure to unzip the file to obtain OTF & TTF font file.
2. make sure to install these fonts on your computer first (simply click and dragging on to Cricut or Silhouette does not work).
3. If you are having difficulty instilling your font on to your computer, try google "font installation on Mac/Windows." Process is fairly simple.
4. UPPERCASE is the letter which goes on the left side, and LOWERCASE contains letters that goes on the right side. If you want to do a initial of A/D, then simply type:

UPPER A + lower d

to achieve the sample look.

**** This file is strictly for personal use only.

**** Please purchase \$3 commercial license fee for business use.

**** If violation of font use is found, you will be charged unto \$500 fine. (Premium Commercial License fee)
